The oh-so decadent oval Coco Mirror, \$2,800 from Made Goods (www.madegoods.com or 626-333-1177), feels like a sculpture first and a mirror second. Crafted from highly decorative yet seemingly delicate hand-fashioned fiberglass ruffled petals, it captures all the frills of nature. The mirror is finished in a crisp white and leaves are trimmed with a contrasting trace of silver. It measures 36 inches wide by

47 inches high. Also from Made Goods, the round Giselle Mirror is \$1,200. This equally graphic version consists of a dense wreath of texture-y mini white coral branches. It measures 24 inches in diameter. Cool and crisp, these artful coral mirrors will be lookers for years to come.
