

ESKOR

**NOVA LIGHTING /
IHFC C-403**

Circles and rectangles have their fun in the Nemo collection. The dark brown wood bodies are highlighted with Brushed Nickel and mirrored designs. The table lamp stands 28 inches high; the floor model is 62 inches; and the accent light is 26 inches. Each has a 100-watt socket and comes with a straightforward white linen shade.

**FREDERICK COOPER / 200 North
Hamilton, North Court 125**

The large armillary lamp (Model #65308-2) features hand-polished solid brass in an Old World Bronze finish. The medium brown coarse-weave fabric shade has suede trim that echoes the finish and the Dark Walnut mounting.

Frederick Cooper designs are now distributed by Wildwood Lamps.

MADE GOODS / IHFC IH-204

The Eskor table lamp may look like a specially glazed ceramic, but it is actually burnt raw wood that is encased in a resin cube. Measuring 25½ inches high, it is complemented with a natural linen shade.
